TRACK 2

Jesus was very hard on most of the powerful religious leaders of his time. He said they should have helped the people to know and love God, and do his work. Instead, they argued all day about the laws in the Bible. They made people think God's law was so hard to understand that only experts (like them!) could live the way God wanted.

Jesus said that God was different from what the experts and rich people thought. He said that things that look impressive to other people may not be important to God. What looks like a little gift may be really big if it is all we have. Jesus said people could obey God even without being rich or studying the Bible all day, because the most important thing is what is in our hearts!
